

EICHENHORN

COACHING · TRAINING · MODERATION

Surely you remember the fairy tale „The Emperor’s New Clothes“.
There the emperor presents himself naked to the people,
and only a little child dares to tell this frankly.
Swindlers had promised the emperor clothes with a
magic characteristic: They would be invisible for everyone
who was not suited for his position or who was
unforgivable stupid.

But who wants to admit that?

So even his most honest advisers praised
his not existing clothes.
